Subject: Public Insurance Adjuster for Cedars Condominiums v Landmark Insurance

To whom it may concern:

As a result of damages incurred to the Cedars Condominiums from Hurricanes Ivan and Dennis, the Cedars employed Scott Favre as a neutral insurance Appraiser to assist with the insurance appraisal process. Appraisal was necessary in this insurance claim process when it became evident that Landmark Insurance would not cooperatively work with the Association in obtaining a fair and equitable claim payment.

The Association found Mr. Scott Favre's services to be exceptional and his knowledge of the insurance claims process and litigation was beneficial in the Association obtaining favorable judgments in court proceedings and an eventual settlement with Landmark Insurance.

As President of the Cedars Condominium Association I recommend Scott Favre as a Public Insurance Adjuster/ Appraiser.

Sincerely,

Douglas Pritchard
President
Cedars Condominium Association
