

PEARL RIVER COMMUNITY COLLEGE
MISSISSIPPI'S PIONEER COMMUNITY COLLEGE

May 13, 2010

Pearl River Community College is very pleased to share with others our experience with Scott M. Favre, Public Adjuster, LLC. In the aftermath of Hurricane Katrina, we employed Scott Favre as our public adjuster. We found his background and experience in construction, and his knowledge and understanding of the insurance industry to be instrumental in our claim resolution. One other facet of his service involved the project management aspect of our repair and renovation efforts. Scott and his staff, particularly Ray Snapp, were most helpful in overseeing all details of the repair and renovation of our damaged facilities. Their detailed work in documenting these efforts has proven to be an invaluable service when negotiating with not only our insurance company, but FEMA as well. As we face the possibility of arbitration with FEMA, we have the utmost confidence in the outcome due to the professional groundwork established by Scott Favre over the past four years.
